Thiamine (vitamin B ₁) (as thiamine HCl)	3 mg	250%
Riboflavin (vitamin B ₂) (as riboflavin, riboflavin 5'-phosphate)	4 mg	308%
Vitamin B ₆ (as pyridoxine HCl)	4 mg	235%
† Percent Daily Values are based on a 2,000-calorie diet.		
** Daily Value Not Established. [^] RAE (retinol activity equivalents)		

OTHER INGREDIENTS: Purified Water, Sucrose, Lactic Acid, Polysorbate 80, Potassium Sorbate (preservative), Citric Acid, Natural Mango Flavor, and Aspartame.
Contains fish (tilapia).

PROPERTIES OF COMPONENTS:

Fish Collagen stimulates the fibroblasts of the connective tissue, "forcing" them to work more intensively, forming their own collagen - the basis of the body's connective tissue. Helps increase the elasticity and firmness of the skin, eliminates dryness and peeling (due to the moisturizing effect), as well as improving the complexion and reducing the depth of wrinkles.

Hyaluronic Acid promotes the synthesis of collagen in fibroblasts, eliminates dryness of the skin, participates in tissue regeneration.

Coenzyme Q 10 contributes to the retention of hyaluronic acid in the skin, protects the skin from the harmful effects of the environment, preventing premature aging.

Vitamin C promotes collagen synthesis in fibroblasts.

Vitamin B1 & B2 enhances the absorption of oxygen by cells of the skin, nails, and hair, regenerates and restores body tissues, accelerates the transformation of vitamin B6 into its active form.

Vitamin B6 promotes the assimilation of proteins and participates in the synthesis of collagen, enzymes, hemoglobin, etc.

Vitamin E supports the water-lipid composition of the skin. Protects the skin from the effects of UV rays. Prevents the collagen reduction in the skin.

Vitamin A helps to the maintenance of normal skin, mucous membranes, functioning of immune system.

RECOMMENDATIONS FOR USE: Beautisan has an unique combination of Japanese Fish Collagen with antioxidants and it is designed to slow premature skin aging and promote healthy younger-looking skin.

SUGGESTED USE: One (1) bottle (50 ml) once a day without additional dilution, 20-30 minutes before meals. Shake well before use.

FULL COURSE: 3 MONTHS (9 PACKS).
